Information for travelers to KWI Sulfuric Acid Weathering June 2020

The conference will be held at Hotel Terme di Frasassi
- map location: https://goo.gl/maps/EF26TkGUoZ5ok4s5
- telephone: +39 0732 251424
- hotel website: https://www.hoteltermedifrasassi.it/en/

For overnight stays not included in conference and field trip registration fees (nights of June 2-5 for conference only or June 2-7 for field trip participants), you can book online using the contact form https://www.hoteltermedifrasassi.it/info-hotel/.

Genga San Vittore Terme is the closest train station to the conference hotel, and it is on the Ancona-Roma train line: https://goo.gl/maps/ahzzMpJ5oQK9vnEcA. At the Trenitalia English website you can buy tickets online in advance: https://www.trenitalia.com/en.html. Having arrived at the Genga S. Vittore Terme station, look for the Hotel Terme di Frasassi shuttle, or call the hotel at the number above for a lift.

The nearest airport is Ancona-Falconara (AOI), with direct flights to Rome, Munich, Frankfurt, and other European capitals. Map location: https://goo.gl/maps/rVfZEGLMbaigEzr8

There is a taxi stand and car rental in the airport (~ 1 hour drive to hotel). There is a train station within 400 ft of the airport, called Castelferretti - Falconara Aeroporto. The station is on the Ancona-Roma train line. You want to go in the direction Jesi-Fabriano-Roma (away from Ancona). Trains run roughly hourly in the afternoon between 1-5 pm and the fare is about 5 Euro to Genga S. Vittore Terme (~ 1 hour ride). If you arrive at the airport during other times, I would consider taking a taxi.

If you are arriving in Rome by air (Fiumicino Airport), there is a short airport train to the Rome main train station (Termini). At Termini station you can get a train to Genga S. Vittore Terme (direction = Ancona). Be aware that not all trains on the Ancona-Roma line stop at Genga S. Vittore Terme station because it is quite small. Fabriano is nearby and bigger (no car rental, 20-30 min taxi ride to hotel). Depending on the time of day, with a short layover you may be able to get a train at Fabriano that will take you to Genga S. Vittore Terme.

Temperatures in Genga in early June range between 13-24°C (55-75°F), and on any given day there is roughly a 1/5 chance of rain.

The currency in Italy is the Euro.

Note that foreigners from outside the European Union need an International Driving Permit to drive a car in Italy. In the United States, they cost about $25 and are available at AAA offices.
